Download Hyppo Hyppo Customer Review: Get a FREE copy of our new blog Every day I receive emails from students and professionals wanting to learn more about how to get ahead in their business. I'm pleased to announce my new book, WinningTechniques, available NOW. In this book, we show you how to earn more income and work less hours with technology. This has been one of my top 3 goals of recent times, ever since becoming an author. Therefore, by now, you might have guessed I've spent the last half of the last year writing this book. Do you ever feel like you're stopg on a treadmill when you're in the 'work grind'? How much time do you really spend being creative? The easy answer is for many business owners to the tune of 3 hours a week. The hard answer is that most business professionals are in the work grind. What's the way out? Easy. It's a way out that both our current system and traditional book teachings have overlooked. Don't get me wrong, they have done a wonderful job in other areas, but they don't focus on this one big problem. From my personal experience, and from looking at my students' financial reports, those that spent the most time with their business spent the least amount of time working. Most people don't focus on the fact that their main business in theyre going to spend about 80% of their time making money and the other 20% of their time living the life they want. So this my friends is why I wrote this book. It's because I want more people to achieve this goal. It's the number one goal that I get asked for, in fact
